# About

**OUR VISION.** A society in which youth and women are actively participating in the digital economy.

**OUR MISSION.** To prepare youth and women from vulnerable communities to benefit from the opportunities the digital economy offers and close the skills gap in Africa's job market, by enabling a large number of unemployed youths in rural/peri-urban centers access to job skills and connect to employment through job-creation, digital skills development and digital transformation of SMEs.

# What we do

## Job Matching

We collaborate with employers on their digital projects, identify gaps, and connect them with skilled tech talents from our vetted pool.

## Digital Transformation

We discover and partner with businesses with digital needs, matching them with tech talent to deliver digital solutions to their operations.

## Training & Upskilling

We provide young tech professionals with work experience and resources to upscale their skills through real project sites and partnerships.

## Mentorship

At Sasakazi, we connect businesses with digital needs to skilled tech talent to provide effective digital solutions.

# Success Stories

## JTP: JOSAPHINE ADETI

### Digital Marketer

Under the program, I was placed at Qhala where I worked as a Digital Marketer for the organization. I managed digital marketing for Jukua (Qhala's business support platform) onboarding more users through the increased social media engagement. At the end of the program, I was offered a full time role as a Digital Marketing Consultant.

# Success Stories

## JTP: JONES MBINDYO

### Digital Marketer

I got matched with an organization where I worked on an e-learning android app and also completed the Transformational Digital Leadership Certificate training. The skills I acquired during the apprenticeship and the mentorship I received enabled me to secure a job as a software engineer at Extrinch Technologies Ltd.

# Success Stories

## HOST BUSINESS: DIANA GICHAGA

### Managing Partner Private Equity Support

The JTP programme is a great way to link growing businesses with young, upcoming talent. It provides an opportunity to engage and co-create in innovative ways, providing project experience for JTPs and resources for the participating businesses. It's a win-win for all.
